

The Friary School ~ Year 12 BTEC L3 Health & Social Care summer project

In September 2018 you will be starting Unit 2 in preparation for your final exam in Y13. The activities you will complete will give you an early insight to the unit content you will be studying in year 13.

Activity 1

(Responsibilities of people who work in health & social care)

Linked to Unit 2 – Working in Health & Social Care

We need you to: following your work experience placement in July, ask your supervisor or manager for a copy of **two** of their policies. For example it could be one of the following:

- health and safety policy
- equality and diversity policy
- medication policy
- safeguarding policy
- DBS referral policy
- Death of resident procedures
- Complaints policy

You are then expected to summarise the policies and produce a presentation to deliver to the rest of the group in September particularly looking at how the policies are used to promote the health and wellbeing of the people you support.

Key tips:

- ~ Remember this is a presentation so use key information and examples from the policies you are researching.
- ~ Reflect on what other policies are important in your work placement and do they link with other health care services and users?
- ~ Have a discussion with a member of staff at your work placement, what action would be taken if staff or volunteers do not follow the official procedures and record your findings.

Hand in date

Your work is to be handed in on the first Health and Social Care lesson in September.
