

Logging into Show my Homework

Some important information

Update on Logging in to Show My Homework

- The way pupils log in to Show My Homework is changing.
- We're now using Single Sign-On with Office 365, which means fewer usernames and passwords to remember.
- Students who log in using PIN codes will be particularly affected by the change, however, all you need to do is follow the instructions below.
- The logon screen looks like this:

Click 'Sign in with Office 365' the window below will appear

Sign in

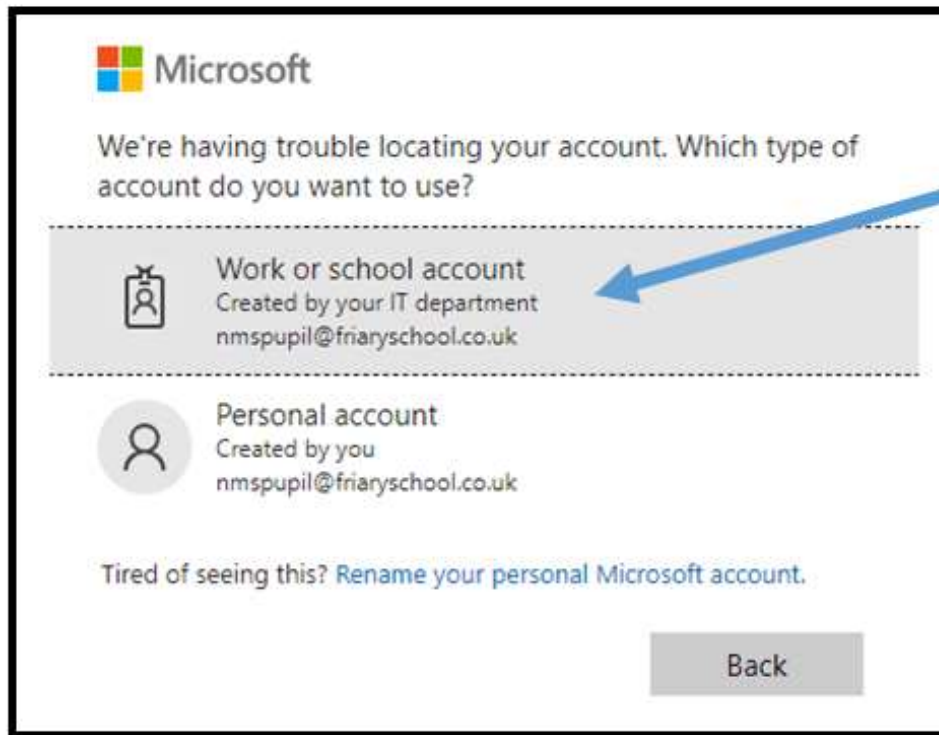

Email, phone, or Skype

No account? [Create one!](#)

[Can't access your account?](#)

Next

Type in your SCHOOL email address. This is simply the username you log on with at school followed by @friaryschool.co.uk, so: username@friaryschool.co.uk

If you get this screen, choose 'Work or school account'

Now type in your password. Again, this is the same password as you use in school.

Now you're logged in and you can see your homework assignments.

If you have forgotten any of your log in information, or if you have any other technical problems, please see the IT technicians on the top corridor
